1 REPORTS

1.1 COMMUNITY WATER STORAGE

1. PURPOSE

To inform councillors about a proposal for community water storage.

Simon Casey is a member of the Wairarapa Water Advocacy Group under the umbrella of the Wairarapa Water Resilience Committee.

He explained the project for bulk community water storage and the benefits in terms of water resilience.

The Advocacy Group will be requesting proportional funding from each Wairarapa council (total amount \$100,000) for a study to identify the options, including where the water would be drawn from.

Council noted the request and asked for the Wairarapa Water Advocacy Group to make a submission and funding request through CDC's LTP consultation.
