1 REPORTS

0.0 WORKSHOP - ANNUAL PLAN PROCESS

1. PURPOSE

To review the Levels of Service (LOS) and any items that may trigger consultation and/or reduce the LTP rates figure for Year 2.

The Managers of the following service area outlined their planned Levels of Services for Year 2 of the LTP (25/26):

- Infrastructure Services
 - 3 Waters
 - Major capital investments
 - Roding
 - Waste management
- Community Services
 - Parks and Reserves
 - Library
 - Community development
 - Carterton Events Centre
 - Economic Development
- Regulatory and Planning

While there may be some small areas of investment in the Annual Plan, overall, there will be little change to the levels of service. Therefore consultation on the Annual Plan will not be required.

Following discussion on roading levels of service, it was requested that the Seal Extension / Dust Suppression Policy be reviewed before the next triennium.

Advice on the amendments to the Annual Plan will be provided at the next Annual Plan Workshop.
